Public Hearing Meeting Location :  
<https://ccsf-edu.zoom.us/j/95472853277>

Requests to make

Updated FMP would support enhanced student experience on campus and sets the framework for improvements to indoor and outdoor student gathering and learning spaces, campus infrastructure, accessibility, and paths of travel. The Updated FMP would also support sustainability and resilience measures of the campus.

The Updated FMP is prepared in compliance with CCSF Board Policy 7.02 which calls for maintaining a current Facilities Master Plan.

#### POTENTIAL SIGNIFICANT ENVIRONMENTAL IMPACTS

Based on analysis provided in the Draft EIR, it was determined that there would be less than significant impacts or no impacts related to agricultural and forestry resources, energy, greenhouse gas emissions, land use and planning, mineral resources, noise, population and housing, public services, recreation, utilities and service systems, and wildfire. There would be less than significant impacts with mitigation related to aesthetics, air quality, archaeological resources and human remains, biological resources, geology and soils, hazards and hazardous materials, hydrology and water quality, and tribal cultural resources. The Draft EIR also determined that the proposed project would have significant and unavoidable environmental
